TECHNOLOGY & SERVICES UPDATE

MAKE SAFETY #1

HEATH'S METER SERVICES

Heath provides meter services to assist companies with all of their meter reading and maintenance needs. Led by utility industry veterans, Heath's meter services teams have a thorough understanding of the industry and are well-equipped to complete a variety of tasks. Dedicated supervisors are assigned to each project to assure the best quality of service.

Heath provides the following services:

- Contract meter reading
- AMR/AMI installations and maintenance
- Meter change-out programs
- Atmospheric corrosion inspection
- Meter painting
- Drive-by meter readings
- Meter turn-on and turn-off
- Meter set leak repair
- Account transfers
- Collect on past-due accounts
- Asset management
