TECHNOLOGY & SERVICES UPDATE

Make Safety #1

Norton Corrosion Limited
A Subsidiary of Heath Consultants Incorporated (HCI)
HCI is a Certified Woman Owned Business

Heath Consultants Incorporated offers a broad spectrum of corrosion testing and engineering services through our subsidiary company Norton Corrosion Limited (NCL). Having performed more than 19,500 corrosion control and cathodic protection projects for public and private project owners, architects and engineers since 1959; Norton is an industry leader in high-quality corrosion control products and engineering services.

Norton maintains an experienced staff of registered Professional Engineers licensed in the field of Corrosion Engineering. They also have a staff of NACE Certified or accredited specialists including Cathodic Protection Specialists, Corrosion Specialists, Certified Coating Inspection Technicians and Certified Corrosion Technicians.

Their state-of-the-art cathodic protection systems and corrosion control products are relied upon to provide lasting protection in the world's harshest environments.

Services to the gas and petrochemical industry include:

- Storage Tanks
- Process Vessels
- Offshore Platforms and Pipelines
- Well Casings
- Liquid Pipelines
- Natural Gas Gathering Pipelines
- Natural Gas Distribution Pipelines
- Natural Gas Transmission Pipelines
